

**TotalTemp**  
TECHNOLOGIES, INC.

The *Next Generation* in Thermal Test Performance  
A *New Generation* of Excellent Customer Service

## *TotalTemp Thermal Vacuum Systems*

*Complete Turnkey Systems or Platform integrated into existing system*

- \* High Altitude or Space Simulation up to:  
 $1 \times 10^{-6}$  Torr.
- \* Temperature Range from:  
-70°C to +175°C
- \* Simultaneous Thermal Vacuum testing
- \* Fast and portable with a small footprint
- \* Fully Configurable for each Application

Specially configured Thermal Platform designed for heating and cooling through conduction while operating in a high altitude or vacuum environment. The TotalTemp Platform can be integrated into an existing vacuum chamber, as was done above, or we can provide a complete turnkey system to solve your space simulation or other thermal vacuum challenges.
